Image Classification
MobileNet v1 vs v2 · TensorFlow.js · Runs entirely in your browser
Task 1 — Classify
Task 2 — Batch (5 images)
Task 3 — Compare Models
Select sample images below or upload your own. Top-1 prediction shown per image using MobileNet v1.
Run batch classification
Upload custom images
Images tested: 5 Successful predictions: 5 Model: MobileNet v1
IMAGE TOP-1 PREDICTION CONFIDENCE
1 download (4) stone wall 28.5%
2 download (3) Egyptian cat 82.0%
3 download (2) miniature poodle 27.3%
4 download (1) Saluki 73.8%
5 download ox 62.6%
